

INTRODUCTION

In December of 2015, a truly unique layout spectacularly changed the golfing landscape in the UAE. Meet the stunning Al Zorah Golf Club, managed by Troon Golf and located in Ajman, just 25 minutes from Dubai International Airport. This world-class course is set amidst a beautiful naturally-preserved environment of striking mangroves and sheer tranquility – that's the special proposition that's been magically created by the famed Nicklaus Design group which awaits golfers making the short trip from Dubai and other U.A.E. regions to play Ajman's first ever golf course.
